

The Kaleider

A hub for co-located individuals & companies who are trying to make the world a better place in pioneering & creative ways

On 8th December 2015 we launched our new Studio space at Kaleider in Exeter City Centre. We are now inviting applications from those who are interested in being a Resident

The Kaleider is a curated studio. You can apply at any point. The core Kaleider team will review applications and respond with 4 weeks.

We encourage a mix of Kaleider Residents who are working on or interested in working with others on creating new experiences, products or services. We're particularly interested in people who are wrestling with big ideas in their work. There's room for both the intimate and the epic. And we're really keen on playability. We imagine the majority of residents will be working in the **arts sector, creative industries, creative technology, research, and/or science**. But we also want to be surprised. We work with organisations, people and in areas such as Universities, Bartlett School of Architecture, schools, robots, TV, arts and artists, fabricators and makers, publishers, a symphony orchestra, animation, technologists and the Met Office.

We will open up the Studio to non-residents to work each Friday (OpenFriday), from 10am – 4.30pm. If you haven't been to Kaleider before this would be a good time to try out working in the space to see if you would like to apply to become a Resident. You can find more information about this on our website: www.kaleider.com/projects/studio

Our desire is that Residents will use The Kaleider as a physical place to carry out their work either for some or all of their working time, meet other interesting people and forge collaborations. We believe that if we curate well and support connection in the network then out of The Kaleider will emerge extraordinary new experiences, products and services, many of which will be innovative, interruptive and meaningful.

Residency can be full time, part time, intermittent, over a period of weeks, months or longer. The fee for Residents is £0.00. And we do not intend to be a funder for projects that come out of The Kaleider. But that's not to say we don't want to discuss the value of your residency and what comes out of The Kaleider to us and to you. This may be immediately obvious or take time to emerge.

To apply please complete this online form: <http://bit.ly/2I3CGAN>

If you require the application in another format please email peter@kaleider.com.

All offers made to prospective Residents will be subject to understanding and signing of an Agreement and Contract of Care, which will form the basis of a conversation about the value of your residency to us and to you.

We welcome applications from anyone regardless of gender, age, race, sexuality, religious beliefs, ethnicity, disability, language and we actively seek to create a diverse Resident community.

Kaleider's main studio is on the first floor of an old building and is only accessible by stairs. We are working hard to improve the accessibility to the workspaces on the ground floor. If you are interested in becoming a Resident or attending Open Fridays and have specific access needs we would love to hear from you and to talk about how we might be able to accommodate you now or in the future.

Kaleider is a small team and we are aware that opening up our space will stretch us. But we believe it will strengthen us too.
